

Delta Therm

Heating system

Silicone Rubber Heating Tape

Model : HT174-15, HT174-25

1. Standard color : Orange.
2. Insulating material : Silicone rubber.
3. Max enduring temperature : 250C degrees.
4. Max working temperature : 200C degrees.
5. Working voltage : 230 V 50/60Hz.
6. Dimension : 174 x 25 Cm.
7. Thickness: 1.6~1.8 mm.
8. Power : 3000 Watt @ 230 Volt.
9. Temperature range of thermostat : 30~150°C.
10. Withstand voltage strength : \cong 1500 VAC / 5 S.
11. Insulation resistance : \cong 50M Ω .
